**VI. New Business: Special Presentation: Collins Corridor Project** 6:40

In April 2017, shortly after MBNA was established, we mobilized the community around FDOT’s proposed Road Safety project from 47<sup>th</sup> to 58<sup>th</sup> street. After receiving the outpouring of community and City input, and with the unwavering support of our City Manager, Mayor, and Commissioners, the project was stopped. Subsequently, FDOT rescope and rebid the project as the *Collins Corridor Project*. This project will take into account multimodal transportation priorities from 41<sup>st</sup> to 63<sup>rd</sup> street. On Wednesday, FDOT and their consultant will engage MBNA members in a discussion. Please join us in sharing your vision for Collins Avenue.

VI. Adjournment 7:30
